

Charge your electric vehicle with GivEnergy's solar diverting 7kW EV charger.

You can neatly fit your GivEnergy EV charger directly onto a wall, or use one of our optional posts. Designed for sleek integration into any setting, the GivEnergy EV charger post adds an extra layer of sophistication to any installation.

Purpose-Built

Square hollow section to accommodate the EV charger perfectly.

Sturdy

Small retaining ring fitted near the bottom to ensure the post remains fixed in the ground.

Tidy

Cable can be fed up through the bottom of the post, plus option to include an extra hole so that the cable doesn't have to go underground.

Seamless

Any holes are fitted with a 60 x 30 blind rubber grommet for the cleanest possible look.

EV Charger Post/Pedestal Square Post Rooted
